Bagging the Billionaire: A Sequel continues the story of one, Nathaniel Gates, a charming billionaire who truly has it all. Though he was once a known womanizer, he now he finds he has something amazing he never imagined he wanted at all-- a meaningful relationship.

Despite his strong belief that one's business and personal lives should remain separate, he crossed that boundary when he met and fell for Velma. This romantic story explores how the woman who was meant to be his new assistant instead became his new girlfriend through meaningful conversation, exciting feelings, and sexy fun. But when things seem to be going perfectly well in their relationship, trouble comes up in the most unlikely manner from a very unexpected source. Despite all the difficulties the relationship faces, including a possible dalliance on Nathaniel's part as his reckless way of buckling under the pressure, the pair realize they are both in the relationship for the long haul.
