This book is not written for people who are questioning their faith; it doesn't aim to deconvert anyone. Rather, this book is designed for atheists, especially those who have recently woken up to find their faith is gone. You may still be getting used to your new worldview - and you may still have an irrational lingering fear of hell even though you're no longer a believer. The author explores the questions that may be swirling in your mind - Where do atheists get their morals from? How do you "let go" of the emotional scars of religion? How do you talk to believers - how can you address the most common arguments that believers might raise? Most important, how do you find meaning in life?

This book draws on the work of an army of freethinkers who came before. It's a cheerful review of the atheist's problems and how to get on with life - with more freedom and vigor than ever.
