This is a children's book about the work of a police officer and the variety of things that a cop does during his day. It follows two children whose father is a cop and deals with not only with what their daddy does during the day, but the psychological aspect of the job. It is uplifting and a good primer for a parent to talk to a child about the work being done by police officers. There is a five-page parent guide at the end for parents to understand how to use the book to teach their child. It culminates with My Dad's a Hero...My Dad's a Cop.
