## **Pastoring the Prophetic** John O'Shaughnessy

My focus in writing this book is to go boldly where few have gone before and address the subject of pastoring the prophetic. The landscape is full of wounded prophetic people who can't relate to others and don't have healthy relationships with their pastors. There are also pastors I've met who don't know how to properly train or equip those prophetic people God has brought to their congregations.

Indeed, the area of pastoring the prophetic tends to be ignored or overlooked in most church settings. It's unfortunate, but my observations are based on having been around prophetic ministry and prophetic mentoring since 1994. It's an extremely important part of our prophetic mentoring ministry, and I want to tackle it head-on and share some lessons I've learned. I also want to discuss the (sometimes) complex relational dynamics that exist between pastors and prophets.
