The Potential David A. Davies

What's the threat? What's to ignore? With the uncanny ability to take in all and size up the situation instantaneously, Chris Morehouse provides invaluable service as a chauffeur for the CIA in Bonn. Reacting from his usual instinct tempered with exceptional judgement, he saves the life of the US ambassador to Germany during a terrorist attack and gives the CIA further reason to prepare Chris for a greater role in the security of the United States.

Should Chris, a British citizen, dream so big? Will he live long enough to make dreams a reality? Life-threatening danger seems to follow him everywhere, even in his travels outside Europe. Does he have a wild imagination, as some in the FBI think, or is someone truly out to kill him?

In *The Potential* David Davies ties together a plot twisting with terror, intrigue, and suspense spanning continents. From Germany to the Middle East to the United States, including the hallowed halls of Congress, justice struggles to leave its mark.
