Blow the House Down: A Novel Robert Baer

Former CIA operative Robert Baer pushes fiction to the absolute limit in this riveting and unnervingly plausible alternative history of 9/11.

Veteran CIA officer Max Waller has long been obsessed with the abduction and murder of his Agency mentor. Though years of digging yield the name of a suspect—an Iranian math genius turned terrorist—the trail seems too cold to justify further effort. Then Max turns up a photograph of the man standing alongside Osama bin Laden and a mysterious westerner whose face has been cut out, feeding Max’s suspicion. When the first official to whom Max shows the photo winds up dead, the out-of-favor agent suddenly finds himself the target of dark forces within the intelligence community who are desperate to muzzle him.

Eluding a global surveillance net, Max—in the summer of 2001—begins tracking the spore of a complex conspiracy, meeting clandestinely with suicide bombers and Arab royalty and ultimately realizing the Iranian he’d sought for a decades-old crime is actually at the nexus of a terrifying plot.

Showing off dazzling tradecraft and an array of richly textured backdrops, and filled with real names and events, *Blow the House Down* deftly balances fact and possibility to become the first great thriller to spring from the war on terrorism.
