## Prophecy and the End-Times: Connecting the Dots

Dr. Ronald P. Reitz takes you on a journey through the Bible to assemble prophecies about the “End-Times”. He first discusses tools and guidelines needed to identify and separate “End-Times” prophecy from already-fulfilled prophecy. He then conducts a thorough examination of many Biblical texts including the books of Revelation, Daniel, Zechariah, the Olivet Discourse and the Rapture prophecies. His rigorous analysis culminates in a “Timeline of End-Times events”. Over 50 prophecies are identified and placed on the timeline, which chronicles future events that the world will soon face.

Along the way, Dr. Reitz deals with many of the difficult issues that confront students of “End-Times” prophecies including a) lessons about interpreting visions; b) identification of the empires of Daniel chapter 7; c) the “start date” for the 490 years prophesied in Daniel chapter 9; d) defense of the belief in the time-gap between Gabriel’s 69th week and the 70th week of years; e) the identity of the Beast in the book of Revelation; and, a host of other issues.

Reitz defends belief in a “pre-Trib” Rapture by proving that a “post-Trib” Rapture is impossible, in light of relevant “End-Times” prophecy. He explains many misunderstood prophecies; debunks some false translations of Old Testament texts; provides an explanation of why the book of Ezra is so short; discusses the Jewish Tribulation prophesied by the Lord Jesus and, provides evidence as to the date that the book of Daniel was written. Reitz also undertakes an extensive examination and analysis of the “Mark of the Beast”, providing evidence from ancient Biblical manuscripts and witness documents.

This is THE definitive book on “End-Times” prophecy. If you only ever buy one book on this subject, this is the one to get. It is a ‘must-have’ for anyone interested in eschatology.
