*Small-town Texas sheriff Dan Rhodes is in for another puzzling mystery in this next in the entertaining, award-winning series*

Before classes start one morning, the body of English instructor Earl Wellington is found outside the building of the community college. Wellington was clearly involved in a struggle with someone and has died as a result. Sheriff Dan Rhodes pursues and arrests Ike Terrell, a student who was fleeing the campus. Ike's father is Able Terrell, a survivalist who has withdrawn from society and lives in a gated compound. He's not happy that his son has chosen to attend the college, and he's even less happy with the arrest.

Rhodes discovers that Wellington and Ike had had a confrontation over a paper that Wellington insisted Ike plagiarized. Wellington also had had a confrontation with the dean and was generally disliked by the students. As the number of suspects increases, it's up to Rhodes to solve the murder while also dealing with an amusing but frustrating staff, a professor who wants to be a cop, and all the other normal occurrences that can wreak havoc in a small town.

Bill Crider's *Compound Murder* is an enjoyable police procedural filled with surprises, chuckles, and a quirky cast that will captivate mystery readers.
