Cosmic Agents, Book 2: The adventure continues, as Max Pointer is born into a physical body on earth, 2222. An illustrated first edition that presents fictional scenes of alien creatures, & worlds out in the universe. Max is recruited at an early age to take part in several missions to go after Global Killers & their global killer weapons. But something is wrong, things don't go according to plan. It seems that the plots of the Dark Lords, fallen angels & evil demonic creatures in the universe have figured out how to overcome all of the resources, plans, and counters of the different teams of Cosmic Agents. Mysteries within mysteries, stories within stories unfold as different team members of Cosmic Agents attempt to try to figure out what has happened to their disappearing team members, and why the missions seem to become one failure after another. Universal Mission Command, the Cosmic Agents' training centers & centers for where missions are planned, seem to have been infiltrated, as sensitive intelligence about different missions seem to leak out by unknown "Leakers," there. After Max and his team of fellow Cosmic Agents are sent back in time to earth during the 2030s, Max soon discovers that a plot to stop the invention of SPIRIT CAMERAS, that can film spirits, is underway to stop the invention from being invented by those who were meant to invent it. Knowing that such an invention would revolutionize many things like when radio, TV & computers were invented, the team seeks to solve one mystery after another as the dark plots of the Dark Lords grasps & pulls the Cosmic Agents deeper into their traps. Can the Cosmic Agents solve the mysteries, restore things back to their natural time-lines, or has the forces of darkness figure out a way to ultimately win the on going wars? Find out by reading, Cosmic Agents 2. (Written and illustrated by Darell Thorpe. Published by MMM & R.H.& P.S., 1st Edition, 9-19-2014).
