This is not your mother's memoir. In *The Chronology of Water*, Lidia Yuknavitch expertly moves the reader through issues of gender, sexuality, violence, and the family from the point of view of a lifelong swimmer turned artist. In writing that explores the nature of memoir itself, her story traces the effect of extreme grief on a young woman's developing sexuality that some define as untraditional because of her attraction to both men and women. Her emergence as a writer evolves at the same time and takes the narrator on a journey of addiction, self-destruction, and ultimately survival that finally comes in the shape of love and motherhood.
