The War Worth Fighting: Abraham Lincoln's Presidency and Civil War America (Alan B. Larkin Series on the American Presidency)

The War Worth Fighting: Abraham Lincoln's Presidency and Civil War America (Alan B. Larkin Series on the American Presidency)

“Were the results of the Civil War worth its huge cost in lives and resources? The prominent historians in this thought-provoking volume lay a firm groundwork for answering the question in the affirmative.”—James M. McPherson, author of *Abraham Lincoln*

“These perceptive essays remind modern Americans why Abraham Lincoln and the Civil War occupy a central place in our broader national history.”—Gary W. Gallagher, author of *The Union War*

“Adds substantially to our understanding of Lincoln as commander, educator, manager, and model for Americans of his day and ours.”—John David Smith, author of *Lincoln and the U.S. Colored Troops*

“Offers interpretations that may well challenge the conventional wisdom of many readers—a healthy exercise in understanding that our examination of even a well-traveled road can still be eye-opening.”—John M. Belohlavek, author of *Broken Glass: Caleb Cushing & the Shattering of the Union*

This volume of original essays, featuring an all-star lineup of Civil War and Lincoln scholars, provides the most current interpretations of the period and the man thrust into its center. Perhaps no one who ever pledged to faithfully execute the office of President of the United States and defend the Constitution faced such fundamental challenges. The contributors to this volume examine how Lincoln actively and consciously managed the war—diplomatically, militarily, and in the realm of what we might now call public relations—and in doing so, reshaped and redefined the fundamental role of the president.
