God is DNA Special Edition Paris Tosen

Divinity is rooted in microbiology. Yesterday, God created Adam and Eve. Today, DNA creates Adam and Eve. DNA has existed for 3.5 billion years; God for only 6,000 years. GOD is DNA SPECIAL EDITION is an unprecedented biological investigation into Gnosticism and Christianity, two ancient religions rooted on the teachings of Jesus. The GOD is DNA series is a religious detective story—a modern scientific translation of ancient Gnostic secret teachings and ideas. Rogue scholar and author Paris Tosen takes one of the most controversial and revolutionary positions on the subject of pre-Christian religiosity, flying in the face of the foundation of the Christian faith and decodes the true meaning of God, as DNA. Tosen isolates example after example in scripture to substantiate his theory that divinity is rooted in microbiology. **THIS IS A BOOK THAT WILL CHANGE EVERYTHING.** This edition resonates with alternative historians and borderline atheists.
