Cornerstone of Liberty: Property Rights in 21st Century America

Timothy Sandefur, Christina Sandefur

Cornerstone of Liberty: Property Rights in 21st Century America Timothy Sandefur, Christina Sandefur
Published in the wake of the Supreme Court's landmark decision in *Kelo v. New London*, *Cornerstone of Liberty: Property Rights in 21st Century America* made a powerful contribution to the firestorm of interest in protecting property rights. Now in its second edition, *Cornerstone of Liberty* has been fully updated by authors Timothy and Christina Sandefur, and examines how dozens of new developments in courtrooms and legislatures across the country have shifted the landscape of private property rights since 2005. Through a combination of real-life stories and solid legal analysis, the authors explain how key issues like eminent domain, civil asset forfeiture, and environmental protection regulations have evolved and how they should be reformed. Brand new topics, such as the sharing economy and the *Koontz* case, are popular, timely, and addressed by the authors in this revised edition. This book shows why the right to ownership is one of the most essential of human rights, how that right is protected in the U.S. Constitution, and how ordinary property owners can help rein in government violations of private property rights.
