Ten consecutive thousand-mile days on two wheels in a mental race against imponderable odds and a ceaselessly ticking clock--welcome to the legendary Iron Butt Rally. *Against the Wind* is a riveting new book, written by sixth-place 1995 finisher Ron Ayres, telling the story of what many call the most grueling test of human endurance in all of motorcycling. With guts and sheer willpower, riders must overcome (or succumb to) fatigue and danger, calling upon human reserves buried deep within. Ayres reveals the innermost thoughts of a successful contestant and lets us share the anticipation, the thrill, the fatigue, the heartbreak, the euphoria, and ultimately the controversy of completing this merciless trial. More than the mere mechanics of making it through the eleven-day ordeal, Ayres describes the elegant strategy necessary to be a contender. You'll discover what motivates the riders, how the rally is scored, what takes place each day, how the routes are planned, and what it's like to ride to the very limit of endurance--and then ride some more. As engaging as Ayres own story is, you'll also be fascinated by the experiences of other riders who are attracted to such events. Motorcycle journalist Bob Higdon states in his foreword to the book, "Here, told from the point of view of a participant, the unraveling of human souls proceeds in almost embarrassing clarity." It's an incredible journey most of us would rather enjoy from our easy chair, and now we can with this first-rate book.
