Reviews:

"Hope in 60 seconds"

"Very interesting to hear what some very famous people have to say about hope. Hope seems like something that the right set of words can inspire in another. Hope is something everyone wants and a lot of people don't know how to get on their own, particularly when they need it most.

This book helps - especially when you consider the sources.

There is something special when you hear - or read - the actual words these great people have spoken.

Another great job, Christine!"

---Bill Burns
