The Baker History of the Church series is an accessible and authoritative series that sheds light on the roots of the faith, the foundations of the church, and the sweeping changes occurring during the Reformation. The fifth volume, *The Age of Reason*, covers the period AD 1570-1789. From the reign of Queen Elizabeth I through the Enlightenment and into the beginning of the French Revolution, the church underwent incredible changes and lost considerable power over the governments of the European continent. The churches of the East were living under Muslim rule and withering slowly. And in the Americas the church took on new forms and marked the beginning of a distinctive experience of Christianity in the New World. Meic Pearse helps pastors, students, and laypeople make sense of it all.
