A lot of parenting books are only concerned with modifying a child's behaviour. Unlock the Cage is different. It's about developing you, the parent. Many people assume that being a parent is such an instinctive role that there's something wrong with them if they find it a struggle. They feel they are just 'muddling along', doing the best they can without understanding why they do the things they do, or how to do them better. This book shows you how to: - Connect with your kids so they willingly include you in their world - Be confident in yourself and the choices you make - Discover the 3 essential secrets of raising a smarter child and how to prepare them for leadership - Learn how to protect your child from bullying, drugs, alcohol, media abuse and too much texting! - Teach money skills to your kids - Involve your kids in healthy, stimulating activities and have fun with them come rain or shine - Make time for yourself to discover how you can achieve your dreams in the midst of the chaos that is raising kids - and so much more! Buy the book and join the growing numbers of parents who've learned to step out of their fear into freedom.
