5 STAR DOODY'S REVIEW!

"I was impressed with this book and consider it one of the more useful books I've come across for use in treating patients. Not only is it a good book to read from cover-to-cover, but it's also a wonderful resource for injection techniques as well as therapeutics. No other book provides the practicalities like this does. Based on the ever-changing biologic therapies, one would imagine an update every several years makes sense."--*Doody's Review Service*

The second edition of this quick-reference guide has everything you need to keep pace with this fast-moving field--presented in the acclaimed CURRENT format.
