This short adult romance is book one of the four book Friends In Love series but can be read as a standalone. ***Please note, there is mature adult content.*** Friends In Love is a series about old high school friends that reunite at a friend's wedding. Past hurts and disappointments come to the surface as they all meet again but will love prevail?

Amanda left her home, her family, and her friends in Miami to start a new life as a computer programmer for a tech company based in New York. For two years, she resisted the urge to come home and visit – all because of one man. He broke her heart and she has spent all of her time living in a different city trying to get over him. Now that her fraternal twin sister is getting married, Amanda is finally coming home.

Axel is the typical rich playboy who jumps from one casual relationship to another. Handsome and very much the charmer, he has no shortage of women coming in and out of his life, but he has never gotten serious with any of them. There was – and still is only one woman who owns his heart, and that woman left him without an explanation two years ago and now, she's coming back home. The only problem is, she's already dating someone else.

Now that Amanda is back, Axel will do anything to win her back. Will he be able to make her fall in love with him again or will Amanda stick to her guns when she said she would never look back?
