The Secret (Tamil Edition)

Rhonda Byrne

The Secret (Tamil Edition) Rhonda Byrne

The Secret was first published in 2006, along with the release of a movie version of the same name. This self-help book aims to show people how they can change their lives for the better and achieve success in all aspects of their lives. This is the Tamil edition of the bestselling book. According to the author, the power of thoughts can shape lives. If people have positive attitude and express gratitude for things they already have and visualize their desires, it opens up opportunities for those desires to become reality. The author believes that the whole universe is governed by the law of attraction. The power of this law can help fulfil a person's desire, if they tune into the right frequency through their thoughts. Thus, positive thoughts attract positive results. Thoughts, both negative and positive, have the power to influence events. For instance, anger invites experiences that cause a person to feel aggressive. Positive feelings attract positive events. Carrying this further through visualization can help people actually get whatever they want, according to the author. She places special emphasis on gratitude and visualization. The feeling of gratitude gives off a positive frequency that attracts good things. Visualization helps translate that power into objects that we desire.

From reader reviews:

Lindsey Gant:

Nowadays reading books be than want or need but also get a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The details you get based on what kind of reserve you read, if you want send more knowledge just go with training books but if you want experience happy read one along with theme for entertaining for example comic or novel. The actual The Secret (Tamil Edition) is kind of e-book which is giving the reader erratic experience.

Brian Wallace:

Reading a book can be one of a lot of pastime that everyone in the world adores. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a book will give you a lot of new details. When you read a publication you will get new information simply because book is one of several ways to share the information or their idea. Second, examining a book will make you actually more imaginative. When you studying a book especially fiction book the author will bring you to definitely imagine the story how the character types do it anything. Third, you could share your knowledge to some others. When you read this The Secret (Tamil Edition), you may tells your family, friends in addition to soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a book.

Juana Rummel:

Reading a reserve tends to be new life style with this era globalization. With reading you can get a lot of information that can give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their particular reader with their story or their experience. Not only the story that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their talent in writing, they also doing some research before they write to their book. One of them is this The Secret (Tamil Edition).

William Pettigrew:

Many people spending their time frame by playing outside together with friends, fun activity with family or just watching TV all day every day. You can have new activity to shell out your whole day by reading through a book. Ugh, do you think reading a book really can hard because you have to take the book everywhere? It all right you can have the e-book, having everywhere you want in your Touch screen phone. Like The Secret (Tamil Edition) which is having the e-book version. So , try out this book? Let's see.
