Heroin

Humberto Fernandez

Heroin Humberto Fernandez

We see it in films like *Pulp Fiction* and *Trainspotting*, read about it in the obituaries of stars like Kurt Cobain, hear about its resurgence in the latest news. We know all about heroin--and yet, beyond the myth of its powers and dangers, how much do we really know about this evermore pervasive drug?

This book provides a much needed, up-to-the-minute, comprehensive, no-nonsense examination of the drug from the discovery of opium by the Sumerians nearly 7,000 years ago to the use, abuse, treatment, and meaning of heroin in our day. The definitive reference on the drug's history, pharmacology, psychology, and sociology, this groundbreaking work also offers a spellbinding account of heroin's power and persistent allure, its medicinal benefits and destructive nature. Animated with vivid personal stories and vignettes, *Heroin* puts a human face on the long and complex story behind this notorious drug.

"If ever a comprehensive book on heroin were needed it is now, and Humberto Fernandez has filled that need by providing a fully developed history, psychology, physiology, and pharmacology of heroin addiction. David E. Smith, M.D., Founder, President, and Medical Director, Haight Ashbury Free Clinics, Inc., and Richard B. Seymour, M.A., Managing Editor, *Journal of Psychoactive Drugs*

"*Heroin* is recommended reading for both the general public and addiction treatment professionals. It provides a wealth of information of great value in understanding heroin addiction and treatment."
Mark Parrino, M.P.A., President, American Methadone Treatment Association

From reader reviews:

Arnulfo Walls:

What do you about book? It is not important along? Or just adding material when you require something to explain what the ones you have problem? How about your spare time? Or are you busy person? If you don't have spare time to complete others business, it is make you feel bored faster. And you have free time? What did you do? Everybody has many questions above. They must answer that question because just their can do which. It said that about publication. Book is familiar in each person. Yes, it is correct. Because start from on kindergarten until university need this specific Heroin to read.

David Carter:

Do you one of people who can't read pleasurable if the sentence chained inside the straightway, hold on guys this aren't like that. This Heroin book is readable by means of you who hate those perfect word style. You will find the data here are arrange for enjoyable reading experience without leaving possibly decrease the knowledge that want to provide to you. The writer involving Heroin content conveys the thought easily to understand by most people. The printed and e-book are not different in the articles but it just different by means of it. So , do you even now thinking Heroin is not loveable to be your top record reading book?

Anthony Jones:

This Heroin is brand new way for you who has intense curiosity to look for some information mainly because it relief your hunger associated with. Getting deeper you in it getting knowledge more you know or you who still having little digest in reading this Heroin can be the light food in your case because the information inside this kind of book is easy to get through anyone. These books create itself in the form that is reachable by anyone, that's why I mean in the e-book type. People who think that in guide form make them feel drowsy even dizzy this e-book is the answer. So there is not any in reading a guide especially this one. You can find actually looking for. It should be here for anyone. So , don't miss that! Just read this e-book type for your better life along with knowledge.

Leroy Moore:

As we know that book is important thing to add our information for everything. By a publication we can know everything we want. A book is a pair of written, printed, illustrated or perhaps blank sheet. Every year ended up being exactly added. This publication Heroin was filled regarding science. Spend your extra time to add your knowledge about your science competence. Some people has different feel when they reading the book. If you know how big good thing about a book, you can really feel enjoy to read a guide. In the modern era like now, many ways to get book that you wanted.
