Overwatch: A Thriller (The Logan West Thrillers) Matthew Betley

“A former Marine himself, Betley proves himself an able heir to the throne currently held by the likes of Brad Thor and the late, great Vince Flynn. But Betley also incorporates a quest for a historical artifact reminiscent of James Rollins and Steve Berry, resulting in a structurally flawless read, unafraid to tackle difficult issues like PTSD as well. Not to be missed.” —*The Providence Journal*

“Matthew Betley has proven he’s an accomplished writer. *Overwatch* is a brilliantly conceived thriller that surges from the first chapter through mounting deception to a powerful conclusion.” —Clive Cussler, #1 *New York Times* bestselling author

“*Overwatch* is an exceptional read—a thoroughly engrossing thriller that reminds us of battles fought and threats we still face. We might have expected from Matthew Betley the gripping battlefield accounts that could only come from a seasoned warrior. But the humanity of its characters and the relentless drive of its narrative will make readers impatient for Betley’s next book.” —Stephen Hayes, *The Weekly Standard*

“As a former Marine, Betley really knows his stuff. Fans of nonstop, nail-biting action will love this one!” —Kyle Mills, #1 *New York Times* bestselling author

When Logan West impulsively answers a dead man’s ringing phone, he triggers a global race against the clock to track down an unknown organization searching for an Iraqi artifact that is central to a planned attack in the Middle East—one that will draw the United States into a major conflict with Iran.

Logan, a former Marine officer, is quickly contracted as a “consultant” to assist the FBI as part of a special task force bent on stopping the shadowy operatives, whatever the cost. The battles are nonstop, from the plains of the Midwest, to mansions in northern Mexico, to the war-torn Al-Anbar province, pitting an international team against trained mercenaries employed by the world’s largest private security contractor...whose owner has a personal vendetta against the US government. Meanwhile, Logan is battling his own demons, especially the trauma of the ambush that his Force Recon unit suffered at an insurgent torture compound in Fallujah in 2004, which threatens to destroy everything he holds dear.

With high-stakes and fully-realized characters, *Overwatch* is a thriller unlike any you’ve read before: deftly plotted, up-to-the-minute, and impossible to put down.
